EDUCATION

Francis Xavier Engineering College — CGPA - 8.0
B.E. in Computer Science and Engineering — *October 2021 – May 2025*

Francis Xavier School — Percentage - 82
HSC — *June 2020 – May 2021*

PROJECTS

Food Ordering Application
Basic Swiggy Clone
- Developed a basic Swiggy clone using Dart, Flutter, and Firebase.
- Implemented user registration and login functionality using Firebase Authentication.
- Designed and implemented UI components to display restaurant menus through categories.

World Time Application
Basic world time zone
- Developed an application using Flutter and an API to display various countries time zones.
- The app fetches real-time data, providing users with accurate and up-to-date time information for different regions.
- Key responsibilities included integrating the API, designing the user interface, and ensuring smooth functionality across devices.

Personal Portfolio Website
sivasubramaniank.netlify.app
- Developed a responsive portfolio website to showcase projects and skills, ensuring cross-device compatibility.
- Enhanced user experience with interactive elements and dynamic content using JavaScript.
- Deployed the site on Netlify, integrating SEO optimization for improved visibility.

EXPERIENCE

Summer Intern — June 2023 – June 2023
Digisailor — *Thoothukudi , Tamil Nadu*
- Developed and maintained Flutter applications under the guidance of senior developers.
- Implemented UI designs and functionalities according to project requirements.
- Gained hands-on experience with Dart programming language and Flutter framework.

Flutter Developer Intern — Aug 2023 – Oct 2023
Zenanvibe — *Tirunelveli , Tamil Nadu*
- Developed and maintained mobile applications using Flutter.
- Collaborated with the development team to enhance app performance.
- Implemented new features and fixed bugs to enhance user experience.
